## Epic 1: Browse and Order Food

- ☐ As a customer, I want to be able to browse restaurants and menus, so I can decide what to order.
- ☐ As a customer, I want to be able to search for specific cuisines or dishes, so I can find what I'm craving.
- ☐ As a customer, I want to be able to see detailed information about each menu item, including descriptions and prices.
- ☐ As a customer, I want to be able to add items to my cart and specify quantities, so I can create my order.
- ☐ As a customer, I want to be able to view my cart and make modifications before finalizing my order.
- ☐ As a customer, I want to be able to securely checkout and provide delivery details such as my address and contact information.
- ☐ As a customer, I want to receive confirmation notifications after placing my order, so I know it was successful.
- ☐ As a customer, I want to receive notifications about the status of my order, including when it's being prepared, picked up, and delivered.

## Epic 2: Delivery Management

- ☐ As a delivery person, I want to be able to view a list of assigned orders and their details, so I can efficiently deliver them.
- ☐ As a delivery person, I want to be able to update the status of orders I'm assigned to, so customers can track their deliveries in real-time.

## Epic 3: Restaurant Management

- ☐ As a restaurant owner, I want to be able to create and manage my restaurant profile, including uploading menus and setting delivery areas.
- ☐ As a restaurant owner, I want to receive notifications when a new order is placed, so I can prepare it promptly.
- ☐ As a restaurant owner, I want to be able to update the status of orders I'm responsible for, so customers are informed about any delays or changes.

## Epic 4: Feedback and Tracking

- ☐ As a customer, I want to be able to provide feedback and ratings for the food and delivery service, so others can make informed decisions.
- ☐ As a customer, I want to be able to track my order's estimated delivery time, so I can plan accordingly.
